- **Other Technologies:** WordPress, PowerBI, Microsoft 365, IoT, Cisco Packet Tracker

EXPERIENCES

Computer Tutor, Georgian College A.A &T

September 2022 – December 2022

- Tutored around 400 students from computer studies by reinforcing course concepts and demonstrating study and learning skills that encourage student independence and success.
- Reviewed codes written by students to troubleshoot errors and ensure project instructions are met.
- Used Think-A-Loud methodology to administer the UX design test survey for the [Georgian Stores](#) website and assisted in the re-designing by writing JavaScript code snippets.
- Participated in weekly developer update meetings and provided the feedback on the design.

Web Developer, Georgian Simcoe Test Centre

September 2021 – December 2021

- Designed, developed, and maintained the [WordPress website](#) to build company's online presence.
- Integrated the PayPal gateway and Bookly plugin to schedule online appointments and take orders.
- Created a business dashboard using PowerBI and trained 2 co-workers to learn creating dashboards.
- Created an exams inventories tracking sheet to determine if the order needs to be submitted.

EDUCATION

Computer Programming Diploma with Honors, Georgian College A.A &T

Jan 2021 – December 2022

- Consistent academic record with **Dean's List** (above 90%) throughout all semester.
- Developed **leadership skills** from the role: Vice President of Administration in the student council.
- Demonstrated **customer service** while working as Library Assistant & as Peer Mentor.

PROJECTS
